News 10 new results for hydraulic fracturing

Fracking Suspected in Dallas-Area Earthquakes

Indian Country Today Media Network.com

Now a Dallas seismologist has become the latest to weigh in on such fears with the revelation that a recent series of small, unusual earthquakes in a suburb of the Texas city may well have been due to fracking, the colloquial name for hydraulic fracturing.

Protect the Canyon from fracking

Times-Journal

We were pleased to hear from a U.S. National Park Service spokesman that it's "very unlikely" that

hydraulic fracturing would happen in Little River Canyon. "The resources in that area are low quality because it's on the shale," chief spokesman David ...
